

## Robby Bubble, Strawberry

Sparkling cherry-strawberry soft drink  
Fruit content: 11.2 %

**Available bottle sizes:** 0,75 l

### Production method:

Robby Bubble Strawberry is a refreshing drink with a fruity strawberry and cherry taste.

The individual ingredients are mixed with strawberry and cherry juice from juice concentrate, stabilised, and carbonated. This all takes place in a very gentle process, strictly in accordance with a special recipe.

### Origin:

The juice portion of Robby Bubble Strawberry is made in quality-controlled and approved plants. Only selected quality varieties are suitable for this juice production. We work with reputable and experienced raw material suppliers to maintain this high standard. Quality and food safety are regularly checked and confirmed by external auditors in compliance with the applicable standards and norms in the food industry.

### Characteristics:

The sparkling, fresh taste of Robby Bubble Strawberry is enhanced by the taste of ripe, aromatic strawberries.

### Culinary recommendation:

Robby Bubble Strawberry, as all its other varieties, is a classic fruit-flavoured drink for children. It is an excellent and highly popular choice for children's parties and celebrations of all kinds. For a good reason: children love the taste and the tingling sensation of Robby Bubble.
